

2015 SHOW CANCELLATION NOTICE

**Iowa State Pigeon Association's
90th Annual Show
“Pigeons on the Prairie”
December 11th & 12th, 2015**

Due to the epidemic of avian influenza which is currently affecting millions of chickens and turkeys throughout the Midwest, and seems to be spreading, ALL live bird shows in Iowa have been cancelled for 2015 by the Iowa Department of Agriculture and Land Stewardship. Several other states have taken the same action. Who knows how many states will cancel shows yet this year. A copy of the action is enclosed.

The ISPA deeply regrets that we will not be allowed to host our 90th Annual Show this year.

We are sending you this notice to give your club time to choose another site for your 2015 show.

In 2016 we will once again be holding our Annual Show in the premier show hall in North America. For the past several years your club and members have enjoyed the vast space, clean air and unprecedented natural light offered in our show hall. We invite your club to return showing with us December 9th and 10th, 2016. In fact, to keep our wonderful show hall and amenities going forward, WE NEED YOUR CONTINUED SUPPORT.

Have the best 2015 possible and we will plan to see you December 9th and 10th, 2016.

Sincerely,
The Iowa State Pigeon Association
